Born in 1998 in Indore, India, Aditya Chadar is a contemporary artist exploring human interactions in shared spaces. A graduate of the Government Institute of Fine Arts, Indore, he has participated in residencies like Space Studio (2022–23) and MAIR (2023–24).

Rooted in figurative expressionism, Chadar's work captures crowds and urban life, balancing chaos and calm. Influenced by his daily public sketching, he reflects themes of individuality, memory, and collective experience. His art bridges past and present, offering a poignant look at human connections.
